

Technical Data: EC2 / EC4 / EC6

## **Open Front Enclosures**

## \Lambda Important Safety Notice \Lambda

It is the responsibility of the person installing the electrical equipment to ensure that the installation meets the requirements of the IET wiring regulations and is therefore 'fit for purpose'. Factors such as correct selection of components, cable sizing, protective devices and Earth bonding are all critical and should be checked prior to full testing and power-up. Any other regulations applicable to the equipment being installed such as the Machinery Directive and current health and safety legislation must also be adhered to Terminals, including factory fitted, must be checked for the correct tightness prior to commissioning of the electrical installation. All terminals should be checked periodically to ensure correct tightness.

DO NOT USE POWER TOOLS ON THESE PRODUCTS
